## ***FULL-TIME IN-SHOP TECHNICIAN - ASSEMBLY***

Are you looking for the opportunity to have a career – not a job? Looking for an opportunity to grow in skills and abilities? To get immediate feedback for a job well done? Consider working for FLO, the Award winning dual brand SKF / LINCOLN Auto Greasing Systems and Fluid Handling “**SOLUTIONS**” supplier.

Do you have?

- Previous experience fixing and / or assembling industrial or automotive equipment using a combination of parts breakdown manuals and AutoCAD drawings.

**AND**

- Previous experience or hobby based around working “on-the-tools” as indicated by owning (or having access to) a socket set (metric and imperial), basic wrenches (metric and imperial), adjustable wrenches, a screwdriver set and an allen key set (imperial and metric) plus your own safety boots and glasses.

**AND**

- Proven ability to work independently with minimal supervision. Have the mental agility to multi-task and assemble customized systems one at a time.

Any technical education i.e. pre-apprenticeship course, a college mechanical diploma, partially finished Industrial Maintenance Mechanic or Heavy Truck / Coach Mechanic apprenticeship program would be an asset.

If yes to the above, e-mail your resume to [hr@flocomponents.com](mailto:hr@flocomponents.com) today.

The successful candidate will assembly customized lubrication systems based upon system manuals and AutoCad drawings while using hand and power tools. Hours are from 8:00 a/m to 4:30 p/m with an hour for lunch. Location is in our Mississauga facility. Work clothing and a tool allowance is provided.

START DATE: ASAP

Please visit our Web site at [www.flocomponents.com](http://www.flocomponents.com) for more information on our Award winning Company.

Established in 1977, and based in Mississauga, Ontario, FLO Components uses application expertise, qualified installation & service technicians combined with high-quality products to provide cost effective Turnkey “Solutions” for all types of lubrication & fluid handling applications. In addition to systems, equipment & lubricants, FLO Components “Solutions” include systems design, on-site installation, in-house and on-site service, scheduled on-site maintenance plans, personnel training and lubrication audits.
