## Complimentary passes for the TRUCK WORLD 2020 Show

Be sure to visit FLO Components at TRUCK WORLD 2018 on April 19-21 in Booth #5638. We will be featuring the SKF MonoFlex™ brand of Fluid Grease Auto Lube Systems, QuickFit™ Onboard Oil Change Systems and Macnaught BOP series of 18V Rechargeable Battery-Powered Oil Pumps, with several different working demos and system experts on hand to answer your questions.

We would like to offer you free passes to the show. Use [this link](#) to go to the registration form and create a New Registration for free, courtesy of FLO Components Ltd. (a \$20 value). Once you've entered your name, use the VIP Code "FLO" on the next screen in the "Discount Code (VIP Code)" box and complete your free registration.

Booth visitors can enter our Giveaway Contest for a chance to win a BOP20, Rechargeable Battery Operated Oil Pump (approximate value CDN \$565). The winner will be selected by a random draw from among all eligible entries on April 18 in the FLO Booth at approximately 2:01 p.m. EST. For more details on the prize and the contest, visit FLO's [Truck World 2020 Macnaught BOP20 Oil Pump Giveaway Contest Website](#).

Truck World is the meeting place for Canada's trucking industry, with new products, new ideas, new solutions and 300,000 square feet of trucks, equipment and technology. Truck World takes place at the International Centre, located near Pearson International Airport in Toronto. To find out more about Truck World visit their website: [www.truckworld.ca](http://www.truckworld.ca).

**GIVEAWAY CONTEST SHORT RULES:** No purchase required. Entries must be received at Truck World 2020 tradeshow, Booth #5638, from 10:00 a.m. EST on April 16 until 2:00 p.m. EST on April 18, 2020. There will be 1 Prize available to be won consisting of a Macnaught BOP20, Battery Operated Oil Pump (approximate value CDN \$565). Skill testing question required. Open to Canadian residents who are the age of majority in the province or territory of residence at time of entry excluding Quebec. Odds of winning depend on number of eligible entries received before contest closes. Limit one entry per person. For full rules and entry details visit: <https://www.flocomponents.com/bop20-giveaway/>.

**FLO Components is an Authorized Distributor of Super Lube®!**

Designed for an endless array of applications, Super Lube® Synthetic Grease and Oil Lubricants, from Synco Chemical Corporation, work harder and last longer to meet today's most demanding requirements.

As technology progresses, lubricants are subjected to greater extremes in operating speeds along with wider temperature ranges. This increases the need for lubricants which can provide long life protection against friction, wear, rust and corrosion. Keeping pace with this technological progress, Super Lube® synthetic lubricants succeed where conventional products fail.

The result is a full line of products that increase productivity, decrease downtime and extend the life of your machinery while providing cost-effective and trouble free maintenance.

Check out the [Super Lube®! Website](#), for the full line of specialty grease and oil lubricants.

**Macnaught BOP60 - 18V Rechargeable Oil Pump for 16-Gallon Containers**

This is the second pump to be introduced as part of Macnaught's unique family of battery-powered oil pumps. In August 2019, FLO introduced to the Canadian market the BOP20 – the world's first industrial-grade, completely portable and rechargeable, 18V battery operated oil pump for 5-gallon buckets. The new BOP60 is designed for 16-gallon containers.

The modular design of these pumps (along with Accessory Stem Kits) allows the powerhead to be easily transferred from one pump stem to another, to reduce set-up costs and eliminate cross-contamination. Both pumps are ideal for dispensing oils up to 90W.

This award-winning new product is ideal for small shops, remote locations, or on mobile applications as they no longer have to buy an air compressor in order to eliminate manual pumping.

Watch this video for more information on the [BOP series of Battery Operated Pumps](#).

## New Lincoln 1886 PowerLuber - Professional 2-speed 20V Lithium-ion Grease Gun

Need a rugged grease gun for harsh environments? The Lincoln model 1886 battery-powered grease gun offers the key features you need for tough jobs – nothing more and nothing less.

- The versatility of the two-speed design enables you to address all lubrication points with a single tool, protecting equipment and machinery from costly repair and downtime.
- The tool's high-ratio gearing will move large quantities of grease quickly when needed, while its low gearing supports deliveries of up to 10 000 psi.
- Like all Lincoln lithium-ion PowerLuber models, the 1886 features a stable, three-point stance to keep the tool upright.
- A bright LED work light illuminates fitting locations.
- Its premium grease follower prevents bypass to keep the tool clean.

## About *FLO Components Ltd.*

For over thirty years, leading manufacturing companies in a wide range of industries have depended upon FLO Components' turnkey lubrication "Solutions" to reduce unscheduled downtime and improve productivity. In addition to customized systems, equipment & lubricants, FLO Components' "Solutions" include system design, scheduled on-site maintenance plans, personnel training lubrication audits, in-house and on-site

service and on-site installation.

For more information on FLO's systems or any of our Lincoln or other brand products offerings, please contact our Customer Service Department TOLL free at (800)668-5458, locally at (905)671-2355 or visit our web site at [www.flocomponents.com](http://www.flocomponents.com).
